

**Old Testament – New Testament**

**Old Covenant – New Covenant**

**Temple Model Worship – Christ Centered Worship**

**What are we to make of all of this? Over the course of 5 sessions, Andy Stanley will take us on an investigation into what it means to be BRAND: New in relation to how God relates to His people and how we are to relate to Him and to one another. This is our next unified SGM study within The Cove as we continue to strive to move together in unity of mind and spirit towards the goal of becoming more like Christ and understanding His intention behind THE CHURCH. Will you join us?**

**Over the last 4 years, small groups have been formed and continue to move forward in their growth. These groups morph and change as new people show interest in participating. A sign-up sheet is provided at the WELCOME TABLE in the lobby to help us assemble new groups or add to existing ones. Please take some time to prayerfully consider joining in on this conversation with us.**

**We believe that wherever 2 or more are gathered in His name, we have a significant group, so if joining a larger small group is not doable for you or is daunting at this stage of your faith journey, there is a way you can still participate. Grab a friend, a family member, or even a co-worker and tap into our on-line resources for this study. It is FREE, not extremely time-consuming and does not require written homework. If you have access to the internet, just visit the link at <http://brandnewseries.org/> and you will have access to all 5 messages along with Discussion Questions to challenge your thoughts on the information presented and how this information applies in your own life.**

**Our goal is to begin our study in September, so if you have not already done so, visit our SIGN-UP or contact me directly to give us an opportunity to connect you with others who also want to converse about this subject of BRAND: New. Let us be that “iron sharpening iron” that God desires.**
